

ABOUT

Constantly trying to improve and learn new things, I love getting to the bottom of things. Having worked as a software engineer for 10 years, I'm always looking for new challenges and new techs to get into.

WORK EXPERIENCE

FULLSTACK DEVELOPPER

Manomano | Bordeaux | 2021 – Present

Development for manomano.fr (also es, uk, de, it)

Using

- Front-end interfaces in *ReactJS/Typescript* using *Redux, NextJS*
- Several back-end microservices using *Spring Boot, Kotlin* and *MongoDB*
- *Gitlab CI, Docker*, and a *kubernetes* deployment environment
- An Agile Methodology and Teamwork

FULLSTACK DEVELOPPER

Lectra | Cestas | 2018 – 2021

Worked on 2 applications:

- Dashboard in React, displaying *Highcharts* graphs for production data
